IEC 61754-15 compliant
High precision alignment sleeve
Low insertion loss and high reconnectability
RoHS, REACH SvHC compliant

Overview

Features

Specification

Our high quality E2000 adapters benefit from high precision alignment sleeves for excellent reliability and better reconnectability and inbuilt mechanism which opens the shutter and guide the ferrule in the alignment sleeve. E2000 adapters come with aceramic sleeves for single-mode and multi-mode. The housing is available in blue, green or beige with a flanged or flangeless body option.

Applications

- Suitable for high power laser applications
- Telecommunications networks
- WDM, DWDM applications
- Testing and measurement equipment
