

FSCO-PM Closure

FSCO-PM wall-mountable Splice Closures are designed for aerial, strand-mount FTTH drop locations where drop cables are spliced to distribution cables.

These closures combine grommet cable sealing technology and splice & SC adapter tray in a strong outer body

FEATURES/BENEFITS

- Wall mountable Closure is suitable for up to 48 single fiber splicing, which can cover most of the applications in the fiber distribution networks like Fiber To The Home / Fiber To The Curb (FTTH/FTTC)
- Pole mount application is possible with pole mount option, Butt, Mid-span access, and Taut Sheath configuration are used
- In addition, wall mount, pole mount application with indoor/outdoor are possible.

APPLICATIONS

- Aerial 'Last Mile' FTTH
- P2P & P2mP Topologies
